ABOUT SPORTCARES AWARDS 2022

The SportCares Award was first established in 2019 to honour individuals, corporates, ground-up movements, non-profit organisations, and educational institutions that have achieved excellence in empowering communities, especially the underserved and the vulnerable, through sport.

After a two-year hiatus due to COVID-19, this 2nd edition of the Award features three categories:

- **The Corporate Giving Inspirational Award** recognises organisations or individuals who have made significant and consistent financial and in-kind support to SportCares' events and programmes. This award also recognises and appreciates them for their passion to drive social change, do good for society through sport and in so doing inspire those around them to do likewise in a sustainable manner.

- **The Sporting Inspiration Award** recognises and celebrates individuals or teams, volunteers, and organisations who, through sport, have dedicated their time and effort to care for, motivate and inspire others to make positive changes.

- **The Coaching Inspiration Award** recognises coaches who have been instrumental in changing lives through sport. They not only impart sport skills, but also put in significant effort to impart character and life skills to the children, youth, or persons with disabilities under their care in SportCares programmes.

The award recipients are selected based on the efforts contributed, inspirational value and the impact these efforts have created.
